

HAP Workshop Topic 2 | The Non-Thermal Universe

Thursday, September 22, 2016

Session 5: WP 2.2 Cosmic ray Composition & Interactions (11:00 AM - 11:45 AM)

time	[id] title	presenter
11:00 AM	[43] Large-scale Anisotropy of Ultra-high Energy Cosmic Rays: A Single Source in Turbulent Magnetic Fields	DUNDOVIC, Andrej
11:15 AM	[44] Influence of the extragalactic background light and extragalactic magnetic field on the energy spectrum and mass composition of UHECR	WITTKOWSKI, David
11:30 AM	[45] Magnetic lensing and correlations	WIRTZ, Marcus
