

26. Deutsche Physikerinnentagung 2022 (German Conference of Women in Physics)

Friday 25 November 2022

Guided tour 1: "KATRIN Experiment: measuring the neutrino mass with the world's most sensitive scale": 1. Group - Building 460 (14:00-14:30)

Guided tour 1: "KATRIN Experiment: measuring the neutrino mass with the world's most sensitive scale": 2. Group - Building 460 (14:30-15:00)

Guided tour 1: "KATRIN Experiment: measuring the neutrino mass with the world's most sensitive scale": 3. Group - Building 460 (15:00-15:30)

Guided tour 1: "KATRIN Experiment: measuring the neutrino mass with the world's most sensitive scale": 4. Group - Building 460 (15:30-16:00)
