

26. Deutsche Physikerinnentagung 2022 (German Conference of Women in Physics)

Friday, November 25, 2022

Guided tour 1: "KATRIN Experiment: measuring the neutrino mass with the world's most sensitive scale": 1. Group - Building 460 (2:00 PM - 2:30 PM)

Guided tour 1: "KATRIN Experiment: measuring the neutrino mass with the world's most sensitive scale": 2. Group - Building 460 (2:30 PM - 3:00 PM)

Guided tour 1: "KATRIN Experiment: measuring the neutrino mass with the world's most sensitive scale": 3. Group - Building 460 (3:00 PM - 3:30 PM)

Guided tour 1: "KATRIN Experiment: measuring the neutrino mass with the world's most sensitive scale": 4. Group - Building 460 (3:30 PM - 4:00 PM)
