

26. Deutsche Physikerinnentagung 2022 (German Conference of Women in Physics)

Saturday 26 November 2022

Keynote Physics Talks 4: Biophysics - Prof. Elisabeth Fischer-Friedrich, Hertha-Sponer Prizewinner 2022, TU Dresden - Otto-Lehmann Hörsaal (14:00-14:45)

| time | [id] title | presenter |
|-------|---|-----------------------------------|
| 14:00 | [16] Deciphering a smart material – a new method to measure actin cortex mechanics and mechanosensitivity | Mrs. FISCHER-FRIEDRICH, Elisabeth |

Keynote Physics Talks 4: Theory (Complex Fluids and Soft Matter) - Prof. Annette Zippelius, Max Planck Medaille Prizewinner 2022, University of Göttingen - Otto-Lehmann Hörsaal (14:45-15:30)

| time | [id] title | presenter |
|-------|-------------------------|--------------------------|
| 14:45 | [153] Disordered Solids | Prof. ZIPPELIUS, Annette |
