

Dear Participants of the Deep Learning Summer School,

we cordially welcome you to the summer school!

**Lectures & Hands-on:** We are very glad to welcome our outstanding team of lecturers and tutors: Dr. Caroline Heneka, Jun.-Prof. Judith Reindl, Dr. Nikolai Hartmann, Dennis Noll, Dr. Marcel Rieger, Lars Sowa, Bogdan Wiederspan, Boyang Yu. The team provides a teaching program on five themes of deep neural networks, see <https://indico.scc.kit.edu/event/2851/timetable/#20220808.detailed>. They combine lectures with hands-on exercises, as for professional usage of networks, practical experience with the numerous chances and possible pitfalls is necessary. Please make sure to bring your notebook and charger, only a web browser is needed for the exercises.

**Participant fee:** We ask - if not already done – for your prompt transfer of the participant's fee of 300 Euro to the following account

Account holder: RWTH Aachen University  
IBAN: DE 07 3905 0000 0000 0253 87  
BIC: AACSD33  
References to be indicated: 212991333200011 + Name.

If you have not yet contacted the head of your institute or academic school to ask for covering or reimbursing your travel cost and participant fee, please do so immediately well before you start travelling.

**Corona protection:** Before you travel to the summer school, we ask that you take a Corona self-test to make sure it is negative. Please inform us immediately if you are unable to attend [info@erumdatahub.de](mailto:info@erumdatahub.de). We recommend that you wear a mask, bring enough masks for 4 days, also a few self-tests.

**Travel:** For travel by public transportation: From Meinerzhagen train station, bus lines 282 and R61 will take you to the bus stop Valbert Ort, Meinerzhagen within 24 minutes. From there it is a 912 meter walk to Landhaus Nordhelle. Please calculate about 15 minutes for the walk. You can reach the regional cab company Knobloch by calling +49 2354 6543. Travelling by car: Zum Koppenkopf 3, 58540 Meinerzhagen, Parking slots are available.

**Start & end of school:** The school will start with a common supper on Monday 8.8.22 at 18:00. After that the first lecture will already take place. Please be at Haus Nordhelle already around 17:30 to register and drop off your belongings. We have reserved for each participant 1 room. If you wish to share a room, please write to [info@erumdatahub.de](mailto:info@erumdatahub.de) in a timely manner. Here you find who will be at our summer school [1]. For a walk in the nice countryside bring a pair of solid shoes, pullover and rain jacket. The school ends on Friday 12.8. after a common lunch.

Note that the participant fees cover only a fraction of the summer school costs: We are most grateful to the BMBF for its financial support, covering a large part of the total costs through the central networking and transfer office ErUM-Data-Hub.

At this point, we are very much looking forward to welcoming you on 8.8. at Haus Nordhelle!

With best regards

Martin Erdmann, Angela Warkentin, Peter Fackeldey

for the workshop organization team (<https://www.erumdatahub.de>)
