

Mathematical Structures in Feynman Integrals

Tuesday, February 14, 2023

Session V: Session V (2:30 PM - 4:00 PM)

time	[id] title	presenter
2:30 PM	[10] A tale of two packages, pfd-parallel and NeatIBP, for the multi-loop computations	ZHANG, Yang
3:00 PM	[11] Massively parallel computer algebra and its application to the computation of Feynman integrals	BÖHM, Janko
