

33rd KATRIN Collaboration Meeting

Monday, October 9, 2017 - Friday, October 13, 2017

B 401

Scientific Program

We hold the KATRIN CM #33 from

<u>Monday 9th October (9am) to Wednesday 11th October (1pm). </u>

As usual we have a mix of status reviews and outlooks to the future on hardware, software and analysis issues.

Directly after the main meeting the Analysis Workshop starts on Wednesday 11th October (2:30pm). It continues plenary until Thursday lunch time. In the afternoon there are in parallel small group discussions and a session with in-depth discussion and the use of the latest FSD code.

On Fri. 13th October there will be a TRISTAN workshop from 9:00-13:00.
