Hardware Development, System Calibration & Phantom Validation - Eulerzaal (10:20 AM - 12:00 PM)

time	[id] title	presenter
10:20 AM	[6] Tissue-mimicking phantom for reflection image performance testing of the ultrasound computed tomography instrument	ZHANG, Di
10:40 AM	[26] A sound speed phantom for hybrid photoacoustic-ultrasound transmission tomography	BOSMAN, Esther
11:00 AM	[4] A Calibration Algorithm for a Large Circular Array of Ultrasound Transducers	YUCHI, Ming
11:20 AM	[24] First results of KIT 3D USCT III system crosstalk analysis	ZAPF, Michael
11:40 AM	[9] A serially scalable emission and acquisition system architecture for ultrasound computed tomography	LIU, Quanquan
