

Discover Cosmic Particles

INTERNATIONAL COSMIC DAY

Karlsruher Institut für Technologie

November 21 | 2023

9:00 – 15:00

Cosmic particles, these unnoticed particles that surround us all the time, are the focus of this day. Students, teachers and scientists get together to talk and learn about Cosmic particles from the cosmos and answer questions like:

**What are cosmic particles?
Where do they come from?
How can they be measured?
And what can we learn from them?**
