

Monitoring the non-thermal Universe 2018

Thursday, September 20, 2018

Radio: Radio 1 (4:15 PM - 5:45 PM)

-Conveners: Vasiliki Pavlidou

time	[id] title	presenter
4:15 PM	[50] AGN monitoring with very-long-baseline interferometry	ROS, Eduardo
4:45 PM	[25] VLBI Jet Kinematics of the TeV Blazar Mrk 421	WAGNER, Sarah
5:05 PM	[13] Delving Deeper into Blazar Cores with 3mm GMVA Polarimetric Observations	CASADIO, Carolina
5:25 PM	[8] Constraining the limiting brightness temperature and Doppler factors for the largest sample of radio bright blazars	LIODAKIS, Ioannis
