

Second Workshop on Physics and Applications of Magnetic Microcalorimeters

Tuesday, December 19, 2023

Detector design and fabrication: Detector design (2:00 PM - 3:00 PM)

| time | [id] title | presenter |
|---------|--|-------------------|
| 2:00 PM | [19] MOCCA - A 4k-pixel microcalorimeter detector for CSR | |
| 2:30 PM | [20] Thermal links and position resolution in multi-absorber hydra microcalorimeters | STEVENSON, Thomas |

Detector design and fabrication: Fabrication (3:30 PM - 5:30 PM)

| time | [id] title | presenter |
|---------|--|------------------|
| 3:30 PM | [21] Center for High-resolution Superconducting Sensors | WEGNER, Mathias |
| 4:00 PM | [22] Advances in Fabrication of Large-Scale Magnetic Microcalorimeter Arrays | DEVASIA, Archana |
| 4:30 PM | [23] Superconducting vertical interconnects | KEMPF, Sebastian |
| 5:00 PM | [24] Aspects related to microfabrication of MMCs | |
