

International Workshop on Medical Ultrasound Tomography

Monday, October 14, 2019

Oral Presentation: Systems: The New Generation of The Breast Ultrasound Tomography Imaging System in HUST (Junjie Song) (9:25 AM - 9:45 AM)

Oral Presentation: Systems: Progress Towards an Open-Source, Low-Cost Ultrasound Computed Tomography Research System (Morgan Roberts) (9:45 AM - 10:05 AM)

Oral Presentation: Systems: A Low-cost Ultrasound Computed Tomography System using Diagnostic Linear Arrays (Preena Patel) (10:05 AM - 10:25 AM)

Oral Presentation: Systems: Towards 3D Brain Imaging in Small Animals using Full-Waveform Inversion (Thomas Robins) (11:20 AM - 11:40 AM)

Oral Presentation: Systems: The Efficiency of an All-reflective Omnidirectional Illumination for Photoacoustic Tomography with a Ring Ultrasound Transducer (Suhail Alshahrani) (11:40 AM - 12:00 PM)
