

Precipitation and Flash Flood Prediction from Minutes to Days

Monday, October 5, 2020

Quantitative Precipitation Estimation (QPE): Quantitative Precipitation Estimation (QPE) (1:45 PM - 5:25 PM)

-Conveners: Christian Chwala; Silke Trömel

time	[id] title	presenter
1:45 PM	[51] Recent progress in polarimetric radar QPE	RYZHKOV, Alexander
2:25 PM	[52] A specific attenuation based radar QPE for operations	ZHANG, Jian
2:45 PM	[75] Polarimetric radar QPE in aggregated snow	BUKOVIC, Petar
3:05 PM	[60] Assessing the benefits of specific attenuation for quantitative precipitation estimation with a C-band radar network	CHEN, Ju-Yu
3:25 PM	Coffee break	
3:40 PM	[73] Opportunistic Sensing of Rainfall	UIJLENHOET, Remko
4:00 PM	[67] Commercial Microwave Links for Urban Rainfall-runoff Modelling	FENCL, Martin
4:20 PM	[65] Synergies of commercial microwave links and polarimetric weather radars	POLZ, Julius
4:40 PM	[22] Moderated Discussion
